6.1 Bylaw No. 4761 Saanich Peninsula Recreation Services (DCS Recreation Facility) Loan Authorization Bylaw No. 1, 2026

L. Jones spoke to Item 6.1.

Discussion ensued regarding:

- Consideration of options if 100% consent of councils is not achieved.
- Staff would be prepared to present to councils in April or early May.
- Estimated costs of referendum, including cost of project delay.
- Staff directed to include cost per household by municipality in presentation to councils.

By request, the Chair divided the motion.

MOVED by Commissioner DiBattista, **SECONDED** by Commissioner Murray, The Peninsula Recreation Commission recommends to the Capital Regional District Board:

1. That Bylaw No. 4761, "Saanich Peninsula Recreation Services (DCS Recreation Facility) Loan Authorization Bylaw No. 1, 2026", be introduced and read a first, second and third time.

Discussion ensued regarding:

- Current global economic uncertainty.
- Concerns over impacts to taxpayers without a referendum.
- Cost of delaying the project.
- If the project fails, incumbent on commission to revisit strategic plan and explore other options.
- Fiduciary responsibility and mandate to support community wellness and arts.
- Estimated construction time.
- CRD's history of bringing projects in on budget inspires confidence.

The question was called on part 1 of the main motion.

MEETING OF THURSDAY, APRIL 23, 2026**

SUBJECT Peninsula Recreation Services - 2026-2027 Fees and Charges

ISSUE SUMMARY

To provide the Peninsula Recreation Commission with recommendations for the 2026-2027 fees and charges.

BACKGROUND

Each year, all Capital Regional District (CRD) recreation centres are required to review and analyze their fees and charges and recommend any changes for approval by the CRD Board.

The annual process for reviewing fees and charges includes consideration of:

- past and actual budgeted expenses and revenues
- desired cost recovery rates
- attendance and service levels
- fees and charges at other municipal recreation departments
- previous fee increases
- social and economic conditions; and
- Peninsula Recreation Commission Fees & Charges Policy

Historically, the Peninsula Recreation Commission has targeted a 50/50 ratio of cost recovery between users and tax requisition. This ratio was impacted by the COVID-19 pandemic in 2020 and 2021, gradually recovering in subsequent years.

	User Pay	User Pay, Excluding Debt
2021	37.07%	40.69%
2022	43.5%	47.5%
2023	46.5%	49.4%
2024	47.5%	48.5%
2025	50.28%	51.12%

Although attendance and revenue has generally recovered to pre-pandemic levels, wages and operating costs have increased considerably since 2019. Additional debt servicing has also been introduced to the annual operating budget, most recently for the heat recovery project and multi-sport box in Centennial Park.

Staff have considered expected revenues, attendance levels, operating costs and market comparisons and are recommending targeted fee increases ranging from 2% to 9% for most fees, with some increases of 20%. The proposed rate adjustments align Panorama Recreation fees with regional averages, improve alignment with cost-recovery and subsidy parameters established in the Peninsula Recreation Fees and Charges Policy and sustain the targeted 50/50 user pay ratio.

Proposed changes to fees and charges include:

- *Increase to single admission, per visit and timed passes:* A review of regional admissions and pass fees was completed. Panorama Recreation's admission rates are competitive in the region. The proposed 5% to 10% increase to most single admission, per visit and timed pass fees ensures more effective cost recovery without changing Panorama Recreation's current position as third highest in the region.
- *Increase to child/youth 12-month pass:* The current child/youth 12-month pass rate remains substantially below the regional average of \$214.33 for comparable passes. The proposed 15% increase, from \$112.40 to \$129.25 per year, represents a step toward aligning Panorama Recreation's rate with regional benchmarks. This adjustment also advances fulfillment of the Peninsula Recreation Fees and Charges Policy, which recommends that child and youth fees be established at 55% of the equivalent adult rate.
- *Increase to facility rental rates:* Proposed rate adjustments of 3% to 7% for most youth and adult facility rentals are recommended to address rising operating costs and to maintain alignment with rental fees across Greater Victoria. In instances where Panorama's fees were notably lower than comparable regional rates, targeted increases of more than 7% have been applied. Given the continued high demand for facility rentals across all program areas, these increases are market-tolerable.

For commercial rentals, proposed increases of 9% support closer alignment with the Peninsula Recreation Fees and Charges Policy, which directs that commercial rates be set at 200% of the comparable adult rate.

- *Increase to supplemental staff rates:* The proposed 3.3% increase to most supplemental staff rates is to align the fees with wage increases outlined in the Collective Agreement.
- *Fee type changes:* Facility rental fee categories have been updated to more accurately reflect intended use and to support efficiencies associated with the implementation of online facility bookings. The previous "Youth" category has been renamed *Youth Non-Profit* to clarify that the reduced rate is intended specifically for non-profit, youth-focused organizations, such as minor sports associations and youth groups.

In addition, the term "adult" has been removed from most facility rental fee names. This rate category will serve as the standard base rate for all user groups that do not fall under the Commercial or Youth Non-Profit categories.

Birthday party bookings are no longer classified as commercial rentals and will now be charged the applicable base (formerly adult) rental rate.

- *Fees streamlined or removed:* To support the implementation of online facility bookings and enhance efficiencies for recurring rentals, several room rental categories have been streamlined. Previously, each individual room carried separate youth, adult and commercial rates. Under the revised structure, rooms are now grouped and priced according to room size and type, specifically: small room, classroom, large/multipurpose room and dance/fitness studio. The average rate for rooms within each grouping has been applied as the new standard fee for that category, simplifying the fee structure and improving user clarity.

ALTERNATIVES

Alternative 1

The Peninsula Recreation Commission recommends to the Capital Regional District Board: That the proposed fees and charges be approved for inclusion in the 2026-2027 Fees and Charges Bylaw for Panorama Recreation Services.

Alternative 2

The Peninsula Recreation Commission recommends to the Capital Regional District Board: That the proposed fees and charges, as amended, be approved for inclusion in the 2026-2027 Fees and Charges Bylaw for Panorama Recreation Services.

IMPLICATIONS

Equity, Diversity and Inclusion

The proposed increases in admissions, passes and facility rental rates are designed to balance financial sustainability objectives with the commitment to maintaining equitable access to recreation services. As operating costs continue to rise and cost-recovery expectations evolve, some fee categories require more substantial adjustments to ensure that service delivery remains financially viable. Regional market comparisons indicate that, even with the proposed changes, Peninsula Recreation's fees continue to fall within the range of rates charged by comparable municipal recreation providers.

Applying differentiated fee increases based on age category, user group and service type enhances equity by distributing financial impacts in a manner that recognizes the varied circumstances and differing capacities to pay across the community. This approach remains consistent with the cost-recovery and subsidy levels established in the Peninsula Recreation Fees and Charges Policy.

It is recognized that financial barriers can disproportionately affect some residents' ability to access recreation. These barriers may include limited or fixed income, additional household cost pressures such as caregiving responsibilities, transportation challenges and constrained budget flexibility. To help mitigate these impacts, enhancements to the Leisure Involvement for Everyone (LIFE) program were implemented in 2025 to support residents with household incomes below the federal Low-Income Cut-Off (LICO). The strengthened LIFE program provides a more responsive subsidy model that helps ensure cost is not a barrier to participation for residents experiencing financial hardship.

Social Implications

The proposed increases to admission, pass and facility rental rates maintain alignment with comparable recreation fees across Greater Victoria while supporting the continued delivery of high-quality community recreation services. Ensuring that fees remain within the regional range helps sustain participation and avoids creating disproportionate financial barriers relative to neighbouring municipalities.

Recreation facilities play an important social role in supporting physical activity, social connectedness, mental wellbeing and overall community health. Maintaining accessible and affordable options encourages regular use of recreation services, which is especially important for families, older adults and individuals seeking low-cost opportunities to stay active.

A variety of membership options including continuous monthly passes and structured discounts provide opportunities for additional savings and encourage more frequent participation. For example, the monthly cost of a continuous pass is \$38.15, which equates to \$4.75 per visit when attending eight times per month (approximately twice per week) and \$1.90 per visit when attending 20 times per month (approximately five days per week). These pricing structures help reduce per-visit costs for regular users, supporting affordability and consistent engagement in active, healthy lifestyles.

Financial Implications

User fees collected by Panorama Recreation form a key component of the financial model by reducing the tax requisition and supporting sustainable cost recovery. The proposed fee adjustments are based on updated financial projections that account for operating cost increases, the introduction of new debt-servicing obligations in 2026–2027, service-level requirements and anticipated participation trends. Modelling for the 2026–2027 budget cycle indicates that the revised rates will generate sufficient incremental revenue to maintain the targeted 50% user-pay ratio while remaining competitive within the Greater Victoria recreation market.

To address the financial impact of \$645,000 in new debt financing planned for 2027, projected to increase the requisition by 12.05%, the updated fee structure is expected to generate approximately \$184,000 in additional annual revenue (\$26,000 from admissions, \$91,000 from memberships and \$67,000 from facility rentals). This additional revenue helps distribute the cost of new debt more evenly between taxpayers and users and reduces the currently projected requisition increase for 2027.

Several of the proposed fee adjustments exceed the forecast inflation rate of 2%. This reflects specific financial drivers identified through modelling, including alignment with regional market benchmarks, support for enhanced service levels and the application of standardized rounding increments to maintain consistent pricing. These refinements help stabilize revenue forecasts and ensure cost-recovery targets can be met without compromising the accessibility measures built into the fee structure.

The revised Panorama Fees and Charges Bylaw will be brought forward to a subsequent Finance Committee meeting for recommendation to the CRD Board.

CONCLUSION

Each year, the fees and charges for recreation services are reevaluated to determine if new charges are required and if existing fees need to be adjusted. Comparing fees to other recreation centres and looking at social and economic factors, the recommendation is that most fees should be increased by 2% to 9%, with larger increases to specific fees to align with policy and comparable fees in the region.

RECOMMENDATION

The Peninsula Recreation Commission recommends to the Capital Regional District Board: That the proposed fees and charges be approved for inclusion in the 2026-2027 Fees and Charges Bylaw for Panorama Recreation Services.

REPORT TO PENINSULA RECREATION COMMISSION MEETING OF THURSDAY, APRIL 23, 2026

SUBJECT **Panorama Recreation 2025 Annual Report**

ISSUE SUMMARY

To provide information on Panorama Recreation programs, services and operations for 2025.

BACKGROUND

In 2025, staff advanced several strategic actions outlined in the Panorama Recreation 2022-2026 Strategic Plan. The Saanich Peninsula Recreation Facility Needs Assessment was completed and presented to the Peninsula Recreation Commission in August. The purpose of the Needs Assessment was to understand the current and future need for recreation facilities on the Saanich Peninsula. Key outcomes include the need to modernize facility allocation policies to improve equity and encourage non-peak usage, and to advance accessibility improvements throughout existing facilities, with priority given to the arena. Exploring opportunities for a multi-purpose recreation facility on the Southern Saanich Peninsula was also identified as a priority, which could include weight room, fitness studio and general programming space. The study also highlighted the need for outdoor pickleball courts.

2025 UPDATE & HIGHLIGHTS

Capital Projects

The new, covered Multi Sport Box in Centennial Park opened in September 2025. The first of its kind in the capital region, the facility is open from 7 am to 10 pm seven days per week. Primary use includes lacrosse, ball hockey and pickleball. The facility was booked approximately 48% of total capacity for the Fall season, while the remaining time was available for walk-up community use.

With the continuation of several capital projects and an extended maintenance closure of the pool, 2025 was a busy year for operations staff. Work on the heat recovery project progressed substantially, with critical components, including pipe runs and heat exchangers, installed throughout the arena and racquets complex. LED lighting was installed in several facility areas, including the boardroom, common areas and arenas. The entire aquatic complex was closed for six weeks to resurface the leisure pool filter room floor and replace five filters, along with deep cleaning and tile repairs throughout the pool area and changerooms.

Accessibility & Inclusion

2025 was the first full year in which changes to the Leisure Involvement for Everyone (LIFE) program came into effect. The program now includes unlimited access to drop-in recreation at Panorama and a two-year application cycle to remove barriers to access. The LIFE program continues to play a crucial role in providing recreation access to individuals and families on limited incomes, and staff issued a total of 615 LIFE memberships in 2025, a 13% increase over 2024. Panorama Recreation continued to provide inclusion support for children participating in out-of-school care, spring break and summer camps with grant funding provided by Island Health

Supported Child Development. Other new accessibility-focused activities in 2025 included the Blind Hockey program, powered by Canadian Blind Hockey and supported by the Canucks for Kids Fund. This all-ages program began in Fall 2025, and staff collaborated with program providers to make a number of facility improvements to support better access for those who are blind or with low vision.

Community Outreach & Inclusion

Panorama Recreation staff supported several community outreach and engagement events as an opportunity to further the Panorama brand of living well and having fun. Panorama attended activities including the Salish Sea Lantern Festival and Canada Day celebrations on the Peninsula, strengthening community connections and engagement. Staff also attended events hosted by local First Nations, including health fairs, family gatherings and literacy events. A working group formed with local First Nations community members met to discuss opportunities for increased First Nations visibility at Panorama Recreation facilities including the new Sport Box, and increased access to recreation for Indigenous youth. The community continues to engage with Panorama Recreation digitally, with 524 new social media followers across all platforms.

Drop-In Activities

Attendance in drop-in activities continued a growth trajectory in 2025, increasing 6.5% over 2024. Drop-in attendance for the year has now surpassed pre-pandemic levels and reached 1,047 average daily visits. Despite the extended maintenance closure, pool drop-in attendance was on par with 2024, while visits to the weight room at Panorama Recreation Centre increased nearly 15% over 2024. New drop-in sports programming was also introduced, with successful offerings including roller skating, volleyball and squash.

Programs & Services

Participation in registered programs grew 11% in 2025, with 16,280 registered participants in total. Growth was seen across all program areas, with aquatics, fitness, arena and community recreation programs seeing the greatest increases. The Owl's Nest Licensed Early Learning Program was expanded in Fall 2025, with a second classroom providing 16 new spaces of part-time childcare for children ages three to five years. The Peninsula Recreation Commission adopted a new Facility Allocation Policy in Spring 2025, which was implemented for the Fall season. The new policy aims to modernize the principles of facility allocation to ensure more equitable access for users, while supporting more efficient and effective operations. The new policy resulted in increased usage of the arena during both dry-floor and ice seasons, generating more rental revenue and supporting access to new users. Panorama Recreation also hosted several tournaments and sporting events including the Victoria Youth Triathlon and the Victoria Open Table Tennis Championship.

CONCLUSION

In 2025, Panorama Recreation staff advanced key strategic priorities by completing major facility planning work, supporting significant capital upgrades and expanding programs that improve accessibility and community participation. The 2025 Panorama Recreation Annual Report provides the Peninsula Recreation Commission with an overview of annual progress across strategic planning, capital improvements, programming and community outreach. Staff will continue implementing Strategic Plan actions, monitoring facility and program performance, and reporting back as future milestones, opportunities and decisions arise.

2025 HIGHLIGHTS

Facility Needs Assessment & Infrastructure Planning (S 1-3)

The Recreation Facility Needs Assessment was completed in 2025, providing recommendations to enhance recreation services on the Saanich Peninsula. Key outcomes include:

1. Updating the PRC Facility Allocation Policy to improve equity and encourage non-peak usage.
2. Advancing accessibility improvements within the arena complex.
3. Exploring opportunities for new multi-purpose recreation spaces as part of the District of Central Saanich's Municipal Facility Redevelopment project, which could include fitness areas, social gathering spaces, and co-location with other community services.

Centennial Park Sport Box Opens (A4)

The new, state-of-the-art covered multi sport box opened in September 2025. The facility is open seven days a week from 7am to 10pm, and was booked on average 50 hours per week, representing 48% of total capacity.

Popular activities include Lacrosse, Ball Hockey and Pickleball with children's multisport programs, dryland sports training and roller skating also taking place in the facility. The facility also hosted Lacrosse tournaments and a disco roller skating event!

The sport box is open to the public when not booked, and provides year round, all-weather opportunities for the community to gather and recreate in a variety of ways.

ADMINISTRATION & OPERATIONS

Staff Composition

New Staff Hired

Energy Efficiency & Climate Resiliency

The heat recovery project progressed significantly, with most pipe runs, critical components, including heat exchangers, pumps, and associated equipment successfully installed. Staff have installed LED lighting in general areas, such as boardrooms, hallway and some areas of the arenas. Progress with both projects marks a major step toward improving energy efficiency at Panorama Recreation.

Extended Pool Maintenance Closure

The entire aquatic complex was closed for three weeks to perform annual maintenance and repairs. Work included tile repair and replacement, deep cleaning and accessibility equipment inspection and repairs. The leisure pool, hot tub and waterslide remained closed for an additional two weeks to resurface the filter room floor and install five new filters.

Online Facility Bookings

Several facilities, including meeting rooms and picnic shelters, can now be booked online for single-session rentals, streamlining the process for the community. Teachers also have the ability to view and schedule classroom visits to the pool and arena directly online, creating a more efficient and user-friendly experience.

Fun Fact!

Maintenance staff hand loaded 784 bags (19,600 lbs) of sand/gravel into the new pool filters!

ACCESSIBILITY & INCLUSION

LIFE Subsidy Use

LIFE Drop-In Attendance

Accessibility Improvements (A23)

Accessibility improvements were made in the pool and changerooms, including the installation of a height-adjustable, wall-mounted shower and change bed. Panorama Recreation partnered with Canada Blind Hockey and the District of North Saanich to improve pedestrian access from nearby bus stops for individuals who are blind or have low vision.

Supported Child Development (A21)

Panorama Recreation delivered 1,296 hours of one-on-one inclusion support, enabling children with diverse needs to fully participate in spring break and summer camps. This program promotes accessibility and fosters inclusion, connection, and community for all youth, and was made possible with grant funding from Island Health.

Blind Hockey Program (A23)

Powered by Canadian Blind Hockey and supported by the Canucks for Kids Fund, Panorama Recreation hosted a new, all-ages Victoria Canucks Blind Hockey program in the arena. A variety of facility improvements were made to support the program.

Launched in March, the new website includes a more functional layout, accessibility improvements, and features such as alert banners to more effectively communicate with the community.

Community Events & Outreach (A19, A27)

Staff attended numerous community events throughout the year including Canada Day celebrations, the Salish Sea Lantern Festival, and other seasonal gatherings, strengthening connections and engagement across the Saanich Peninsula.

Staff participated in three job fairs and shared postings through local networks, such as Saanich School District, First Nations, and community platforms.

Aquatics & Fitness

Drop-in attendance for the pool and weight rooms grew significantly in 2025. Pool visits were on par with 2024 despite an extended maintenance closure, and weight room attendance increased by nearly 15%. To meet growing demand, three new classes were added to the drop-in fitness schedule, which now offers more than 44 weekly classes included with membership.

New Drop-In Sports

Six new sports were introduced to drop-in schedules, with successful options including roller skating, volley ball and squash social play. Average drop-in attendance was 78% for squash and 88% for volleyball.

Pottery

Demand for drop-in pottery continues to surge, with over 75 participants per week and sessions frequently reaching capacity. Strong demand resulted in regular waitlists, highlighting the program's continued appeal as a flexible, creative outlet.

Staff Onboarding and Training (S9)

Staff recruitment remained a priority throughout the year, and supervisors continued efforts to improve onboarding of new staff and provide ongoing training and development. Over 20 staff training sessions were delivered across all areas, ensuring staff are well-prepared to provide high-quality service and adapt to evolving community needs. Staff also obtained a variety of certifications and training from ice maker and pool operator courses to child inclusion training provided by Canucks Autism Network.

Facility Allocation & Use Optimization (A24)

The facility allocation policy was updated and modernized to enhance equity and improve access for all user groups. These efforts help maintain operational efficiency while meeting the evolving needs of the community. This resulted in increased use of both dry floor and ice time in the arenas, generating more rental revenue and providing access to new users and groups.

New Children's Multi Sport Programming (A15; A23)

Panorama Recreation planned and delivered 142% more multi-sport programs for children. New and expanded programs included weekend programs at the new sport box in Central Saanich, 58% more summer camp spaces, and two girls-only programs.

Tournaments & Trophies (S7)

Staff worked with community sports organizations to host an exciting array of sporting events and tournaments including the Victoria Youth Triathlon, 2025 Victoria Open Table Tennis Championship and the Pacific Cup Hockey Tournament. Congratulations to 2025's VIJHL champions Peninsula Panthers for their exhilarating game seven overtime win on home ice.

Adult Hockey League Enhancements (A13; A16)

Staff conducted a comprehensive audit of the Adult Hockey League program and implemented a number of changes to improve player safety. The changes streamlined administration while increasing participation by 9% with a total of 193 players in the 7 month program.

Fun Fact!

In 2025 Panorama delivered 690 hours of private and semi-private tennis lessons!

New and Enhanced Aquatic Programs (A16)

In 2025, single-session private swimming lessons were introduced to give families more flexibility and reduce waitlists, with over 100 lessons attended. Swimming lesson registration was also adapted to better meet community needs, including splitting the Fall season into two intakes to reduce withdrawals and ensure correct level placement. The half-day Craft & Splash summer camp for ages 4–6 was reintroduced, running at full capacity each week and providing families with a fun, active option for younger children.

Personal Training and Rehabilitation Services (A16)

Personal Training services remained in high demand in 2025, with 377 packages sold and revenue up 25% over 2024. Balance and Rehabilitation programming expanded to 79 courses, averaging 87% full.

New strength and cardio equipment was installed in Panorama Recreation Centre and Greenglade Community Centre weight rooms, optimizing both spaces and enhancing the fitness experience for members.

Fun Fact!

The main pool, leisure pool and hot tub hold a combined total of 945,441 litres of water.

Owl's Nest Licensed Childcare Expansion (A15; A16)

In Fall 2025, the Owl's Nest preschool expanded to address the community's childcare needs. The new part-day program provides 16 additional licensed spaces for children ages 3-5, utilizing a room already licensed for after school care. This new program maximizes existing licensed space while improving access for families.

Arts Programming (S10)

Arts programming saw strong participation in 2025, with over 1,200 attendees across workshops and classes. Popular offerings included watercolour painting, ceramic hand-building, and seasonal craft workshops, many of which reached capacity and generated waitlists. This demand reflects the community's interest in accessible, skill-building opportunities that encourage creativity and social connection. Revenue from these programs supported ongoing cultural initiatives and helped sustain a diverse range of arts experiences.

Youth Activities (A24)

The new Teen Tours program launched this year, offering youth supervised trips to a variety of regional activities and destinations. Teen Lounge drop-in also remains popular, with over 600 visits in 2025, continuing to be a valued space for social connection and recreation.

Fun Fact!

In 2025, summer camps were attended by 1946 children, 116 more than in 2024.
