

ANSWERS: 1. Turn off taps while brushing your teeth and rinse with a cup of water. 2. Recycle and use a garbage bin, not flush waste down the drain. 3. Ask an adult to fix leaks. 4. Have shallow baths or less than 5 minute showers. 5. Use less water with a low-flow toilet, a low-flow showerhead and aerators on taps. 6. Collect kitchen scraps and cooled leftover cooking fat, oil and grease, not wash them down the drain. 7. Keep a jug of cold water in the fridge instead of running the tap. 8. Fill a reusable bottle. 9. Avoid extra rinsing, use $\frac{1}{2}$ the soap with soft tap water. 10. Water plants wisely.
