

HARBOUR STEWARDSHIP SPEAKER SERIES

invasive species

European Green Crab Detection & Response in the Capital Region

Learn about the **invasive** European Green Crab, its impacts on ecosystems, and actions underway to monitor and control its spread in the capital region. Find out more about the role you can play in reducing the spread of this highly invasive species.

Join Christine and Larissa from the Department of Fisheries and Oceans to learn about the early detection and trapping of European Green Crabs in Esquimalt Lagoon, the Gorge Waterway, and other local areas. Tyranna and Ryan will present on the partnership between the T'Sou-ke Nation and the Coastal Restoration Society to manage European Green Crab in the Sooke Basin.
