Dear Salt Spring Island Foundation:

**RE: LETTER OF SUPPORT FOR THE CLIMATE ACTION PLAN REPORT CARD
COMMUNITY GRANT APPLICATION**

On behalf of Transition Salt Spring, I am pleased to support their application for a Community Grant to advance the 2026 Climate Action Plan Report Card.

The Climate Action Plan has been an important resource for the Salt Spring community since its development in 2021. The Report Card plays a valuable role in helping the community understand both the progress that has been made and the work that remains in responding to climate change.

By tracking outcomes and highlighting priority areas, the Report Card helps inform local decision-making and supports ongoing dialogue between community organizations and local government, including the CRD and Local Community Commission.

Transition Salt Spring has demonstrated a strong ability to convene partners and advance practical climate initiatives on Salt Spring. Based on their proposed approach, the 2026 Report Card is well positioned to build on this foundation and provide clear, actionable insights for the community.

I encourage you to support this important initiative.

Sincerely,

Gary Holman
Salt Spring Island Electoral Area Director, Capital Regional District
