Dear Salt Spring Island Foundation:

**RE: LETTER OF SUPPORT FOR THE SWANSON ROAD - LAKEVIEW CRESCENT  
PATHWAY GRANT APPLICATION**

We are writing to urge your support for Island Pathways' grant application to help fund the Swanson Road - Lakeview Crescent pathway in the Ganges area. This project has been identified for several years in the Salt Spring Island (SSI) Transportation Service capital plan, which includes provision for staff and other funding support.

As you know, the mandate of Island Pathways is to promote and create multi-use pathways with their partners, including the Salt Spring Trail & Nature Club (SSTNC), the Capital Regional District (CRD) and SSI Local Community Commission (LCC), Ministry of Transportation and Transit (MOTT), local contractors and many volunteers.

Island Pathways has a remarkable record of success in designing and facilitating the construction of kilometres of pathways in and around Ganges, on both public rights of way and private land. With their partners, Island Pathways has demonstrated their ability to successfully bring projects to fruition despite funding and other challenges.

The Salt Spring Foundation has been a key funding partner on a number of Island Pathways projects. The Swanson Road – Lakeview Crescent pathway will allow students and other community members to travel safely to and from school and Ganges alongside a busy road. We thank the Foundation for all that you do in the community, including previous support for the Ganges pathway network, and urge your support for this next project.

Sincerely,

Gary Holman  
Salt Spring Island Electoral Area Director, Capital Regional District

Earl Rook  
SSI Local Community Commission Chair, Capital Regional District
