Note

1. Factory built "Mobile Homes" must be certified as complying with Canadian Standards Association Standard "CAN/CSA-Z240 MH Series-16 (R2021)". This standard does not apply to site preparations (foundations, basements, mountings), interconnection of modules, connection to services and installation of appliances. Mobile homes that do not meet the above standard will require the inspection and approval from a British Columbia registered professional engineer and/or architect. It may be necessary for the Building Official to inspect the Mobile Home as well.
2. Include with the application a letter from the owner of the Mobile Home Park, the Tenant's Association or other relevant group or individual, confirming that there are no objections to the establishment of a mobile home, including any addition on the proposed site.

Information to be Submitted with the Building Permit Application:
