WATER ADVISORY COMMITTEE

PREAMBLE

The implementation of the Act is governed by the Capital Regional Water Supply and Sooke Hills Protection Regulation (Regulation). Both the Act and the Regulation were enacted August 1, 1997.

Under the Regulation the Capital Regional District (CRD) must establish by bylaw a standing committee of the Regional Board known as the Regional Water Supply Commission (Commission). The Commission was established in September, 1997. The Regulation further requires the appointment of a Regional Water Supply, Protection and Conservation Advisory Committee (Committee) to provide advice to the Commission on water supply, water quality, the stewardship of lands held by the CRD for water supply purposes and water conservation measures.
